

European School Education Platform priorities survey

Fields marked with * are mandatory.

The basic functionality of the European School Education Platform is taking shape. The team is now looking to prioritise functionalities for the next phase. Your input will help us determine what we need to work on first. Many thanks for your help!

Your answers will be processed by European Schoolnet on behalf of the European Commission ([privacy policy](#)). We will treat your data confidentially. Survey responses might be published on the EU Open Data portal after data has been anonymised. Should you have any concerns or comments, please [contact us here](#).

Please note: The survey contains long lists of items that need to be sorted. We recommend using a laptop or PC to ensure better usability.

Background information

* What is your main role in relation to the European School Education Platform?
